# OUR HISTORY

## About Us

### From the raw material to the finished product

n o d o

Nodo Italia through its sister company Essegomma controls the entire production process of polypropylene.

Since 1983, Essegomma is specialized in multifilament yarns in Polypropylene and High Density Polyethylene for filtration in pharmaceutical, food and life science industries, indoor/outdoor furniture woven and knitted fabrics, carpets, braids, webbing, advanced fabrics/composites, geosynthetics and agri/horticulture

With over 400 tons of yarn produced each month in a production area of 10.000 sq.m., we are positioned among the major manufacturers in Europe, exporting to over 40 countries as a strategic partner for innovative products thanks to continual investment in research and development

The company is based in the Groane regional park north of Milan, Italy integrated free from any environmental consequences and is carbon neutral.

All with zero impact  
Part of the energy consumed is self-generated thanks to over 5000 square meters of solar panels and the entire company is heated through the recycling of energy.

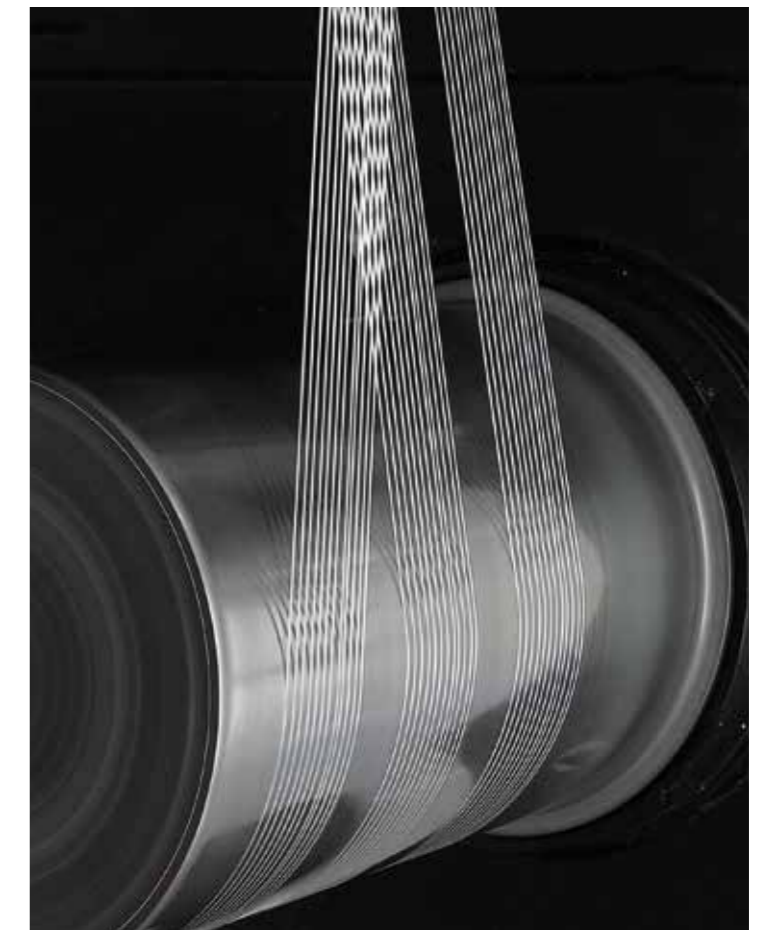

*Nodo Italia attraverso la consociata Essegomma controlla l'intera produzione processo del polipropilene. Dal 1983 Essegomma è specializzata in filati multibava in Polipropilene e Polietilene ad alta densità per la filtrazione in industrie farmaceutiche, alimentari e delle scienze della vita, mobili per interni/esterni tessuti e tessuti a maglia, tappeti, trecce, fettucce, tessuti/compositi avanzati, geosintetici e agricoltura/orticoltura*

*Con oltre 400 tonnellate di filato prodotte ciascuna mese in un'area produttiva di 10.000 mq, siamo posizionati tra i maggiori produttori in Europa, esportando in oltre 40 paesi come partner strategico per l'innovazione prodotti grazie a continui investimenti nella ricerca e sviluppo.*

*Il tutto a impatto zero  
Parte dell'energia consumata è autogenerata grazie a oltre 5000 quadrati metri di pannelli solari e l'intera l'azienda è riscaldata attraverso il riciclaggio di energia.*

*L'azienda ha sede nella regione delle Groane parco a nord di Milano, Italia integrata gratuito da qualsiasi conseguenza ambientale e è a emissioni zero.*
